

12 January 2017

REMINDER

ANNOUNCEMENT:

**2017 International Pediatric Emergency Medicine Elective (IPEME)
Now receiving applications!**

This summer elective program is a unique learning opportunity for (12) twelve Canadian, Israeli, Jordanian and Palestinian medical students to enhance cross-border understanding, trust, and cooperation among future physician leaders. This elective experience involves both a clinical and global health oriented curriculum. It is a recognized non-clinical elective by the Faculty of Medicine at the University of Toronto and managed by The Canada International Scientific Exchange Program (CISEPO) in partnership with Hospital for Sick Children-Department of Emergency Medicine, University of Toronto, the Department of Emergency Medicine at McMaster University, and the Mt Sinai Hospital.

Please pass this information on to all eligible medical students as stated on the Announcement. The deadline for submitting applications and supporting documents is **TUESDAY Jan 31 2017** 2017. Notification of acceptance will be announced by Wednesday March 15 2017.

For more information and how to apply, please open the link to our website:
